

ACCIDENTS 1850-1899

1868

On Monday evening Mr. Luke Davis, went to examine some work which had been done to his premises, when he stepped onto a board which had been in place across some rafters. No sooner had he done so than it broke and he fell through, breaking his leg and bruising him very considerably. On Thursday it was thought necessary to take him into the Salisbury Infirmary. **Salisbury Times & South Wilts Gazette, 25 July 1868**
