<p>This is the token of Henry Munday, Chandler, of Swindon (1669). The obverse shows the Tallow Chandlers Arms, with three cloves added.</p> <p>Although we already have one example of this token we like to be able to display both sides and would therefore be very interested to acquire this piece.</p>						
<p>If the answer to your enquiry is satisfactory, a small donation to the Museums Purchase Fund would be appreciated.</p>
