

Calne National School for Girls, built c1818

Success of Pupil Teachers - Ann Bryant and Ellen Brayling

We learn with much pleasure that the two Pupil Teachers in the Calne Girls National School, who have just completed the term of their apprenticeship, Ann Bryant and Ellen Julia Brayling, have both succeeded in gaining Queen's scholarships at the Home and Colonial Training Institution, London, one of the first class, the other of the second. The examination lasted several days, and the number of competitors from all parts of England was unusually great.
